

Summary of PRAYER WAVES for May 2017

Legionowo

Andrzej and Monika have been working in Legionowo since 2009. They are seeking to plant a church and have gathered a small group of Christians who meet together each week. It is slow progress, but they are encouraged by the growth they see year to year.

Last July they held a Holiday Bible Club with the help of a GB Envision Team. There were around 18 children who came along for the entire Club. As well as being a big encouragement it made them think about whether the children would be willing to come along to a more regular youth club. They started in the winter and run just one club a month. At the moment there are around fourteen children who come along and they are considering doing it twice a month.

The church has had numerous contacts with a drug addict named Marcin who is currently in prison. Marcin though, has been encouraging his partner to come along to the church services and they are running a Christianity Explored course with her.

Tom and Lucy Forryan

Tom and Lucy Forryan from Derby Road Church in Watford plan to move to Paris next year to begin missionary service in France. They will be based in central Paris where they can study French properly and also work alongside a reformed Baptist church planter in the 9th arrondissement.

The move will be a big one for the family as two of their sons will be at university in the UK, while one will move to a French school. There will be a lot for them to learn, however, they see it as an amazing opportunity to share God's word with a country that is completely secular.

Pray for:

- **Pray for the youth work in Legionowo.**
- **Pray that God will use the Bible studies and preaching to reap a spiritual harvest in Legionowo.**
- **Pray for the Forryan's as they seek to raise the support needed.**
- **Pray for the practical arrangements for the Forryan's move to France.**
