

Make your own Egyptian pyramids

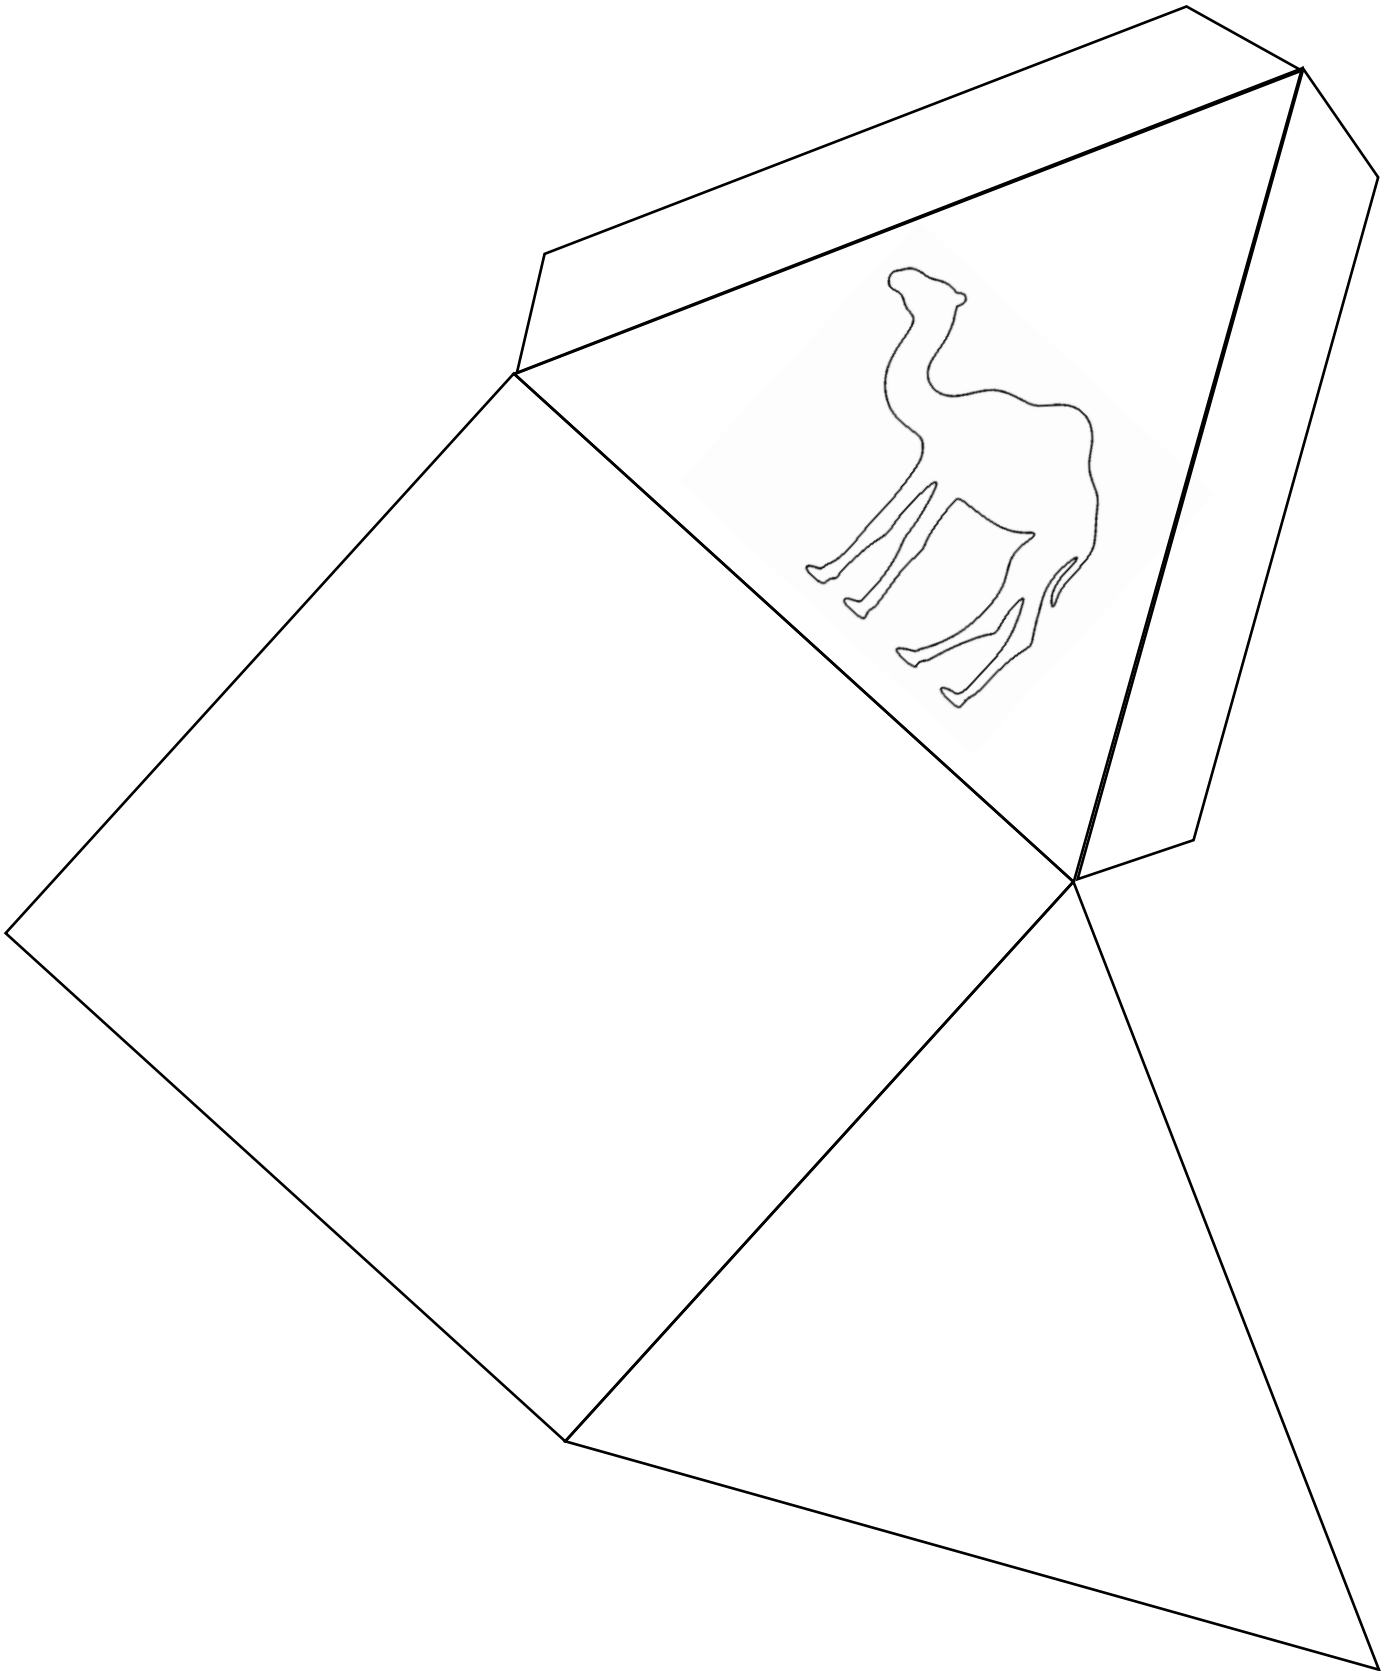

Small pyramid

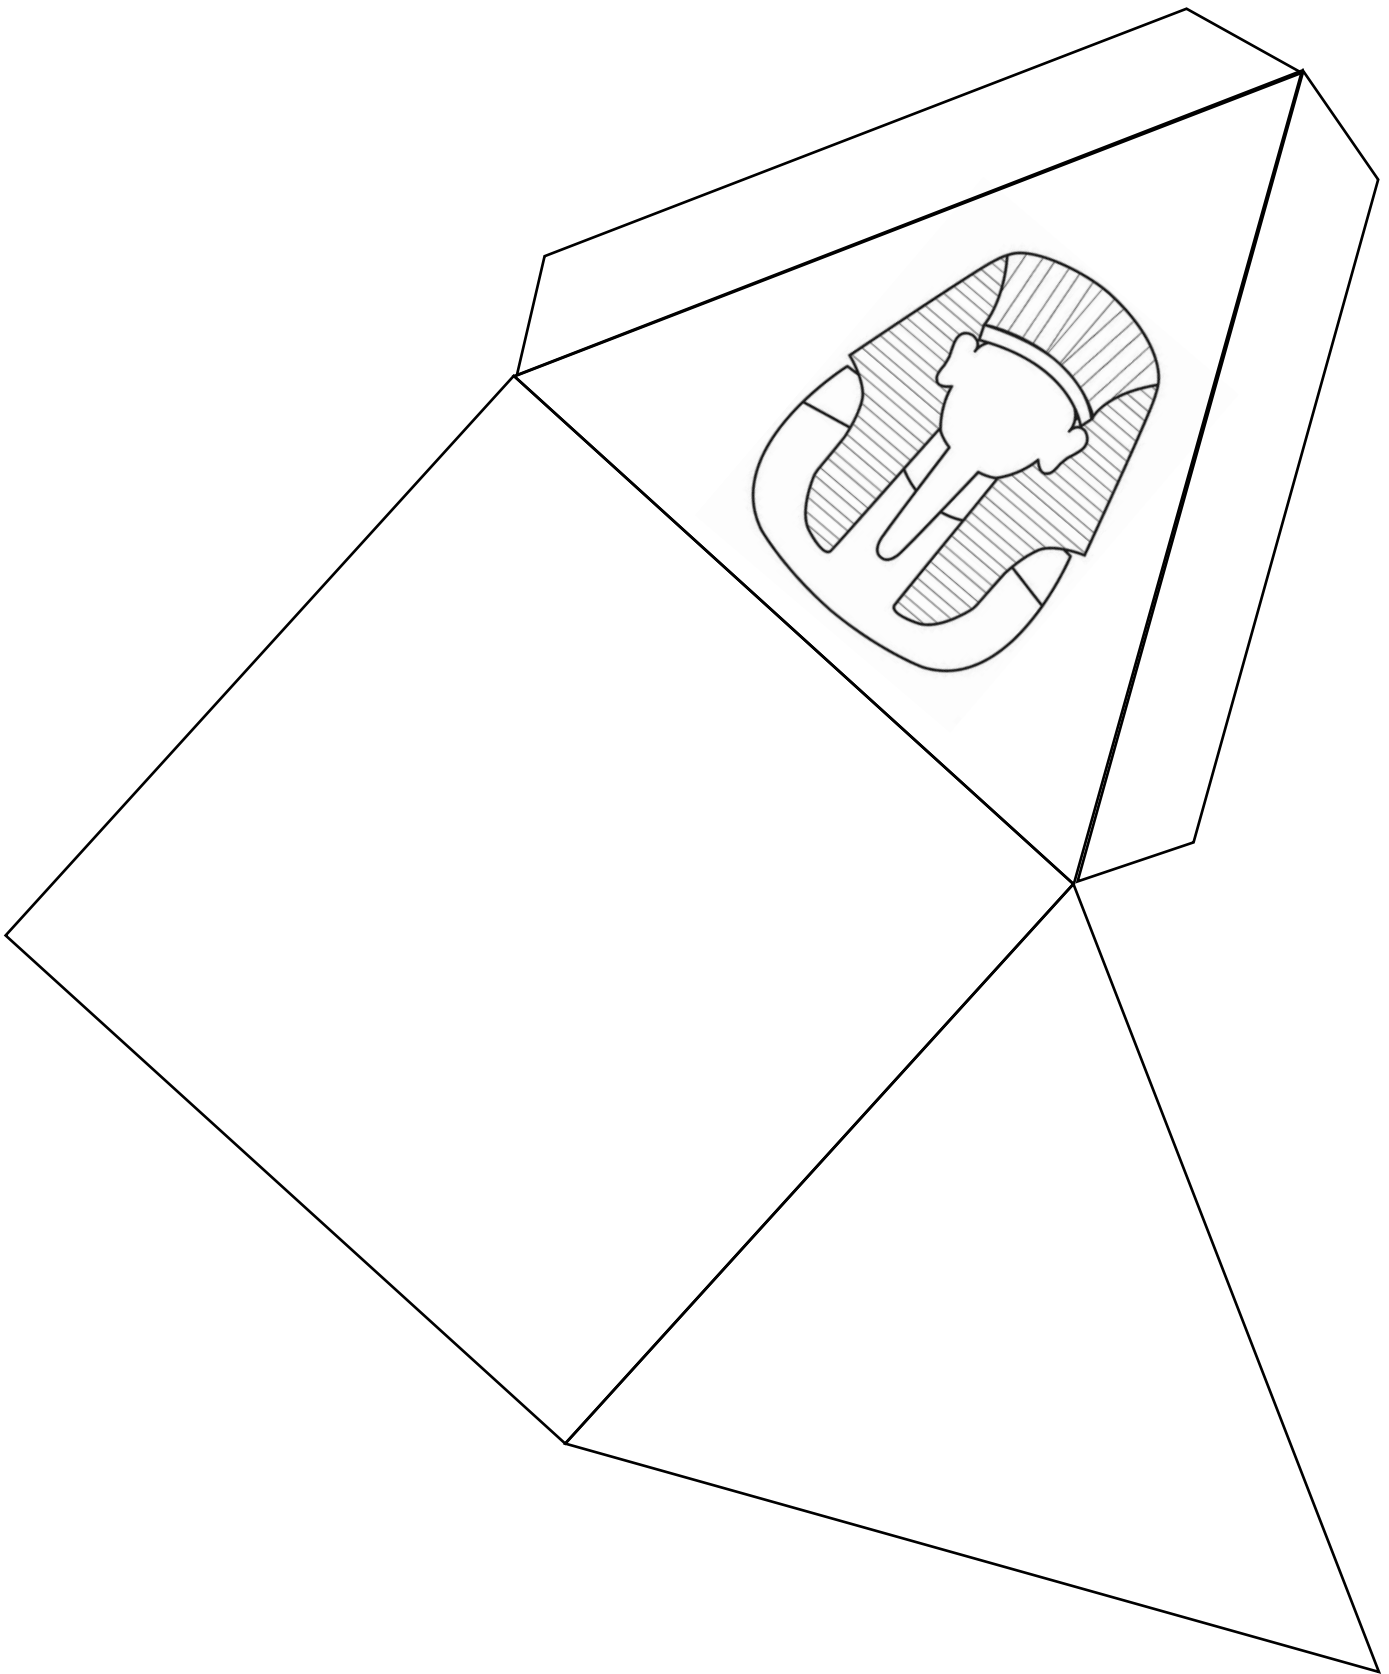

1. Print out this template on paper or thin card, and cut it out carefully.
2. Decorate it by colouring in the camel and the pharaoh – you can draw in his face.
3. Using the hieroglyphics sheet, work out your name in hieroglyphics and decorate the other sides of the pyramid with the pattern.
4. Place your decorated pyramid pattern face down and fold in the tabs, and then the four triangle sides.
5. Carefully put some paper glue on the tabs, and stick the sides of the pyramid together.

Large pyramid (part 1)

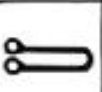

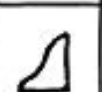

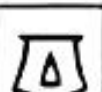

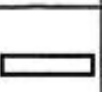

1. Print out pages 1 and 2 of the large pyramid template, and cut them out.
2. Arrange the two parts to make a star shape (like the small pyramid) and glue the square bases together, one on top of the other. You now have the complete pattern.
3. Decorate your pyramid, fold and stick together as you did for the small one.
